About Corporate Social Responsibility (CSR)

Corporate Social Responsibility (CSR) is the continuing commitment to behave responsibly by integrating social and environmental concerns into business operations. CSR goes beyond regulatory compliance to focus on how companies manage their economic, social, and environmental impacts, as well as their relationships with stakeholders (e.g. employees, suppliers, government).

About ecoVadis

ecoVadis operates a collaborative platform allowing companies to assess the environmental and social performance of their suppliers on a global basis.

ecoVadis combines technology and Corporate Social Responsibility (CSR) expertise to deliver simple and reliable supplier scorecards, 21 CSR indicators, 190 commodities and 150 countries, built on 3 pillars: People, Process and Platform.

About the Assessment

The ecoVadis methodology framework assesses the policies and measures put in place as well as the reporting published by companies with regards to environmental, labor practices & human rights, fair business practices and sustainable procurement issues. The assessment conducted by CSR experts is made on the basis of the company answers to a survey which is dynamically adapted to their country, sector and size, on the basis of supporting documentation, and on public and stakeholder (NGOs, trade unions, press) information.
